HI, I'M IGGI · JAMES'S TRIP-BUILDING BUDDY

Every place in here has a page number. Circle the ones that make you grin, then find **Iggi's Compass** on the Greenland page at jameswildco.com. Tell me your month and your crew; I'll sketch the voyage, James takes it from there. *Never lost. Only scenic.*

Dear Jane,

I'll be honest on page one: Greenland is on my list, and I haven't been yet. Every mark in this guide says so. What you're holding is what I've learned from the people I trust most in the polar north, the ships I'd book, and the questions I'd ask before I sent anyone, including myself.

It is the largest island on earth, and about four-fifths of it is ice. Fewer than 57,000 people live on the edges, in towns that you reach by plane or by ship, because there are no roads between them. In summer the sun barely sets in the north and the icebergs come down the fjords from the ice sheet.

So how you go matters more here than almost anywhere. Pick the coast first, then the ship or the lodge, then build in a spare day for the weather. That's what this guide is for.

THE COLOURS OF THIS GUIDE

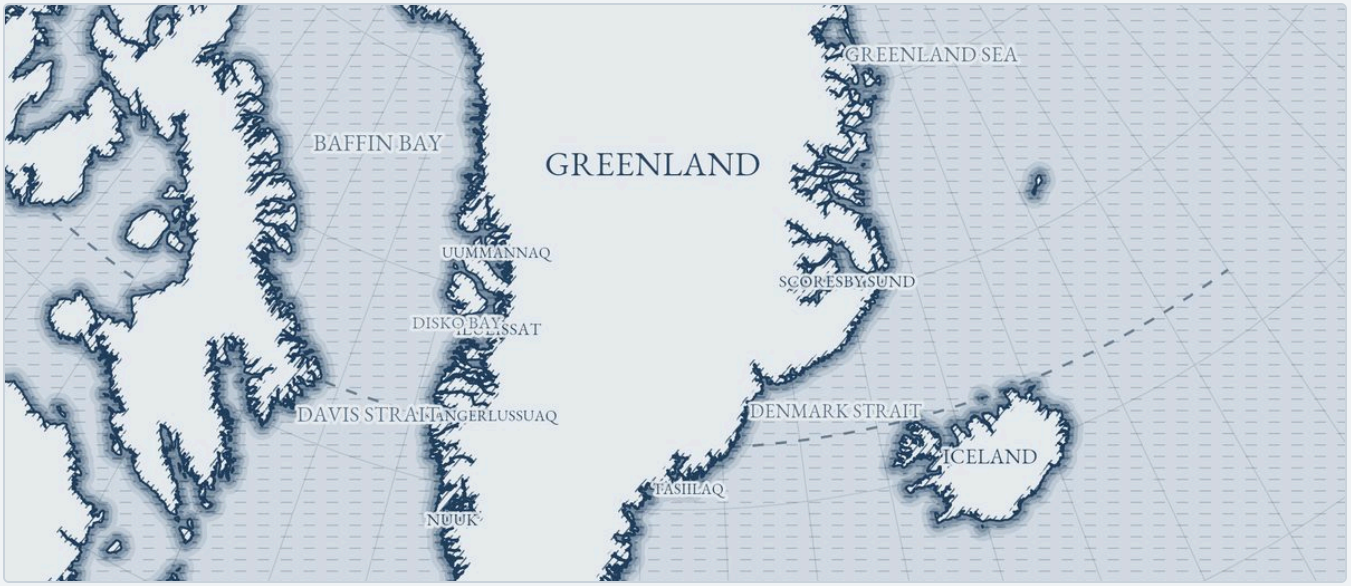

Fjord cobalt, ice blue-grey, glacier and snow: Greenland's own colours, above and below the surface.

FJORD · ICE · GLACIER · SNOW · BASALT

The ice sheet comes to the sea

UNESCO WORLD HERITAGE ICEFJORD ILULISSAT · SINCE 2004

Why visit Greenland: icebergs the size of towns, whales in the fjords, and a culture that has lived on the edge of the ice for thousands of years.

The ice sheet, near Kangerlussuaq GETTY IMAGES

The ice, up close

Sermeq Kujalleq, the glacier behind Ilulissat, moves up to 40 metres a day and calves about a tenth of Greenland's icebergs. The Icefjord has been a UNESCO site since 2004.

Whales and the wild

Humpbacks feed in the fjords from spring to autumn, musk oxen graze outside Kangerlussuaq, and the Arctic fox turns up everywhere.

People of the ice

Greenlandic towns, sled dogs, the kayak (invented here) and Norse ruins in the south, now part of the Kujataa World Heritage site.

> *Greenland doesn't do short trips. Give it ten days and a spare one for the weather.*
> — J. WILD

Summer for the water, winter for the ice

The best time to visit Greenland: June to mid-September for expedition ships, whales and the midnight sun; October to April for the northern lights, dog sleds and igloos.

JUNE – MID-SEPTEMBER

The water season

Ships, whales and long light. July is warmest; by September the mosquitoes are gone and the aurora is back.

OCTOBER – APRIL

The ice season

Northern lights, sled dogs (best in March) and the Igloo Lodge at the edge of the Icefjord.

Summer: Disko Bay at midnight GETTY IMAGES

Winter: the aurora over the village GETTY IMAGES

Temperatures are typical highs from Visit Greenland. Ice, weather and wildlife vary by year; your expedition leader confirms on the day.

Who Greenland is for, and who it isn't

The short answer: curious, flexible travellers who don't mind the weather having a vote. Here's how I'd match you.

RULES OF THE ROAD

STAY & PREPARE

01 **Arrive two days before you sail.** Weather moves flights; ships don't wait.

02 **Pack to 20 kg.** Air Greenland charges for the extra kilo.

03 **Ask before you photograph people.** And accept a no.

04 **Keep your distance.** 30 m from walrus, more from mothers and calves.

WORDS WE'VE STRUCK OUT

STAY & PREPARE

~~untouched~~	People have lived on this coast for a very long time. Ask them about it.
~~last frontier~~	It's someone's home, with a supermarket and a football pitch.
~~guaranteed polar bear~~	Nobody can promise one. We can promise the right coast to look.

What to know, and what not to expect

Getting to Greenland, entry rules, health, money and straight answers.

Getting there

Nuuk's international runway opened in November 2024. Ilulissat's new runway has Air Greenland flights from Copenhagen scheduled from 29 October 2026 [confirm]. United flew Newark–Nuuk in summer 2026; 2027 is not yet announced.

Entry

Greenland is not in the EU or Schengen. US citizens need no visa for up to 90 days; the passport must be valid 90 days beyond departure. Schengen rules apply in transit through Denmark or Iceland.

Health & insurance

Hospitals are in Nuuk and a few regional towns, with one air ambulance. Buy evacuation insurance, and bring your own medicines.

Money & plugs

Danish krone; cards are widely accepted, and ATMs need a PIN. Tipping is optional. Plugs are type C and K, 230 V. Most of Greenland is on UTC−2, UTC−1 in summer.

What not to expect

~~Roads between towns~~	There are none. You fly or you sail.
~~A fixed schedule~~	The ice and the weather decide.
~~Big hotels~~	Small, warm and very good.
~~A bug-free July~~	Bring a head net June to August.
~~Strong signal at sea~~	4G in the towns, rarely beyond.

Straight answers

Ship or lodge first time? The ship reaches more; Ilulissat sleeps better. Do both if you can.

Northern lights? October to April; Kangerlussuaq has many clear nights.

Children? Welcome. The Igloo Lodge takes children from 8.
